General Session - NWICA, NYSDOH, USDA

[Click Here for the Session Handout](#)

On behalf of Corie Nadzan, NYS WIC Director

It was lovely to see everyone in person and I was so excited, I got a little ahead of myself in my update on our collaborations with state partners and would like to provide a correction. To clarify, the Child Care Assistance Program is working towards including WIC as an adjunct qualifier for their program. This has not yet occurred and is anticipated later this year. We will use the WIC Watch and other routine communication channels with local agencies to announce this once finalized. As a reminder, last year, we included the Child Care Assistance Program in the WIC Participant Rights and Responsibilities to allow for data sharing between programs to support outreach. Stay tuned for progress on our collaborations and hope to see you again soon!

Reduce the Risk of Lead Poisoning: the role of nutrition in prevention and treatment

Susan Krahn MS, RDN, CD, CLC
